# Food playbook

| Day | kcal | Protein | Carbs | Fat |
|---|---|---|---|---|
| Mon-Fri (training) | 2,150 | 240 g | 151 g | 65 g |
| Saturday | 2,100 | 240 g | 139 g | 65 g |
| Sunday | 1,750 | 240 g | 51 g | 65 g |

You're not counting these. The hand rules below land you close to them.

## Hand rules, every meal

**SIZE IT WITH YOUR HAND**

- **Protein:** 2 palms. Eat it first
- **Carbs:** 1 cupped hand at breakfast and lunch, 2 at the meal after training, **0 at dinner**
- **Vegetables:** 2 fists
- **Fat:** 1 thumb (oil, nuts, ghee)

## A day that works

**TEMPLATE**

- **Breakfast:** 2 eggs or 4 egg whites, 1 roti or small bowl of oats, shake if short
- **Lunch:** grilled chicken or tikka, salad, 1 roti or 1 cupped hand of rice
- **After training:** whey shake + 2 cupped hands of carbs with chicken
- **Dinner:** chicken, fish or lean beef with sabzi. No roti, no rice
- **If hungry late:** shake, dahi or cucumber

## Protein maths

**HOW TO REACH 240 G**

- 2 palms of chicken ≈ 40-50 g
- 4 meals x 45 g = 180 g
- 2 scoops whey = 50 g
- That's 230-240 g. Easy once it's routine

# Sunday kit

## Grocery list
**WEEKLY**

- Chicken breast 2-2.5 kg, fish 0.5-1 kg, lean beef mince 0.5 kg
- Eggs, low-fat dahi, whey
- Atta, rice, oats (measured)
- Cucumbers, tomatoes, onions, lettuce, any sabzi
- Apples or guava for snacks
- Olive or canola oil (measured), Coke Zero, green tea

## Meal prep, 45 min
**SUNDAY**

- Grill or bake 1.5 kg chicken with spices, minimal oil
- Portion into boxes: 2 palms each
- Cook rice for 3 days, portion into cupped-hand amounts
- Chop a big salad box
- Tell the cook: 1 tablespoon oil per dish

## Progress photos

**EVERY 2ND SUNDAY**

- Morning, after toilet, before food
- Same spot, same light, same distance
- Front, side, back. Relaxed, then flexed
- Compare with 3 Nov, not with last week
